

WEIKE GAMING ANNOUNCES NEW SALES AND MARKETING AGENT FOR MACAU

Singapore, 15 March 2010 – Weike Gaming Technology, Singapore's only licensed gaming equipment manufacturer, announced today that it has finalised a contract with a new sales and marketing agent for Macau. The new agent, Asia Hospitality Services Limited, headed by Gus Noble, begins operations officially, representing Weike's entire product line, as of 1 April 2010.

Commenting on the new appointment, Weike Gaming's CEO, David Kinsman, said, "We are delighted to be able to announce the appointment of Gus Noble and Asia Hospitality Services Limited as our new Macau representative. Gus has a very significant background in the gaming industry, both in Asia and Australia, with special expertise and experience in the Systems area. As Weike is Asia's largest system manufacturer and supplier, Gus' extensive experience will allow us to take our systems product range to new levels."

Prior to being contracted to represent Weike, Gus Noble served as consultant to a number of system companies in Asia. He was also the Project Director for TAB of NSW for the development of the NSW State Wide Link, which offers wide area jackpots across thousands of machines, in hundreds of sites across the State of NSW, Australia's largest gaming jurisdiction.

"Weike sees very strong potential in the development of Wide Area Jackpots and Slot promotional links in the entire Asian region" Kinsman commented, "Gus' specific experience, coupled with the fact that Weike is currently the only supplier in Asia with approved fully operational Wide Area links, gives us and our clients an unbeatable team in this growing sector of the Asian Gaming industry. Weike links and systems are approved to GLI 12 and GLI 13 standards and are in operation in Macau, Philippines, Vietnam, Cambodia, Malaysia and Singapore. The most recent project - A five-club Wide Area Network offering Jackpots, machine management and Player tracking and promotions, has been live in Singapore since 1 December 2009".

Kinsman added, "Gus will add great value to our Weike team, not just in the systems department, but across the board, and we are delighted he has joined forces with us."

About Weike Gaming Technology

Weike Gaming Technology, having recently been awarded “Best Asian Manufacturer 2009” in Inside Asian Gaming Magazine Supplier Awards, has established a solid reputation for its advanced technology and innovative product offerings, with its range of Infinity gaming machines, Multi-player Electronic Table Games, and state of the art gaming management and jackpot systems.

Established in 1998, Weike is truly committed to serve the needs of its Asian market, namely Singapore, Malaysia, Cambodia, Vietnam, Laos and the Philippines. Its move into the Spanish market will also see an extension of that concentration on product excellence, performance and superior customer service, which has been the company’s hallmark in Asian markets.
